1.0 Unified Declaration Report Changes

The existing Rwanda Unified Declaration report has been updated to reflect the current Employee Pension Contribution Rate of 6% and Employer Pension Contribution Rate of 6% in the report headings.

Going forward, the report headings will automatically display the applicable contribution rates based on the Pension Contribution Statutory Limits for the effective month and tax year of the report.

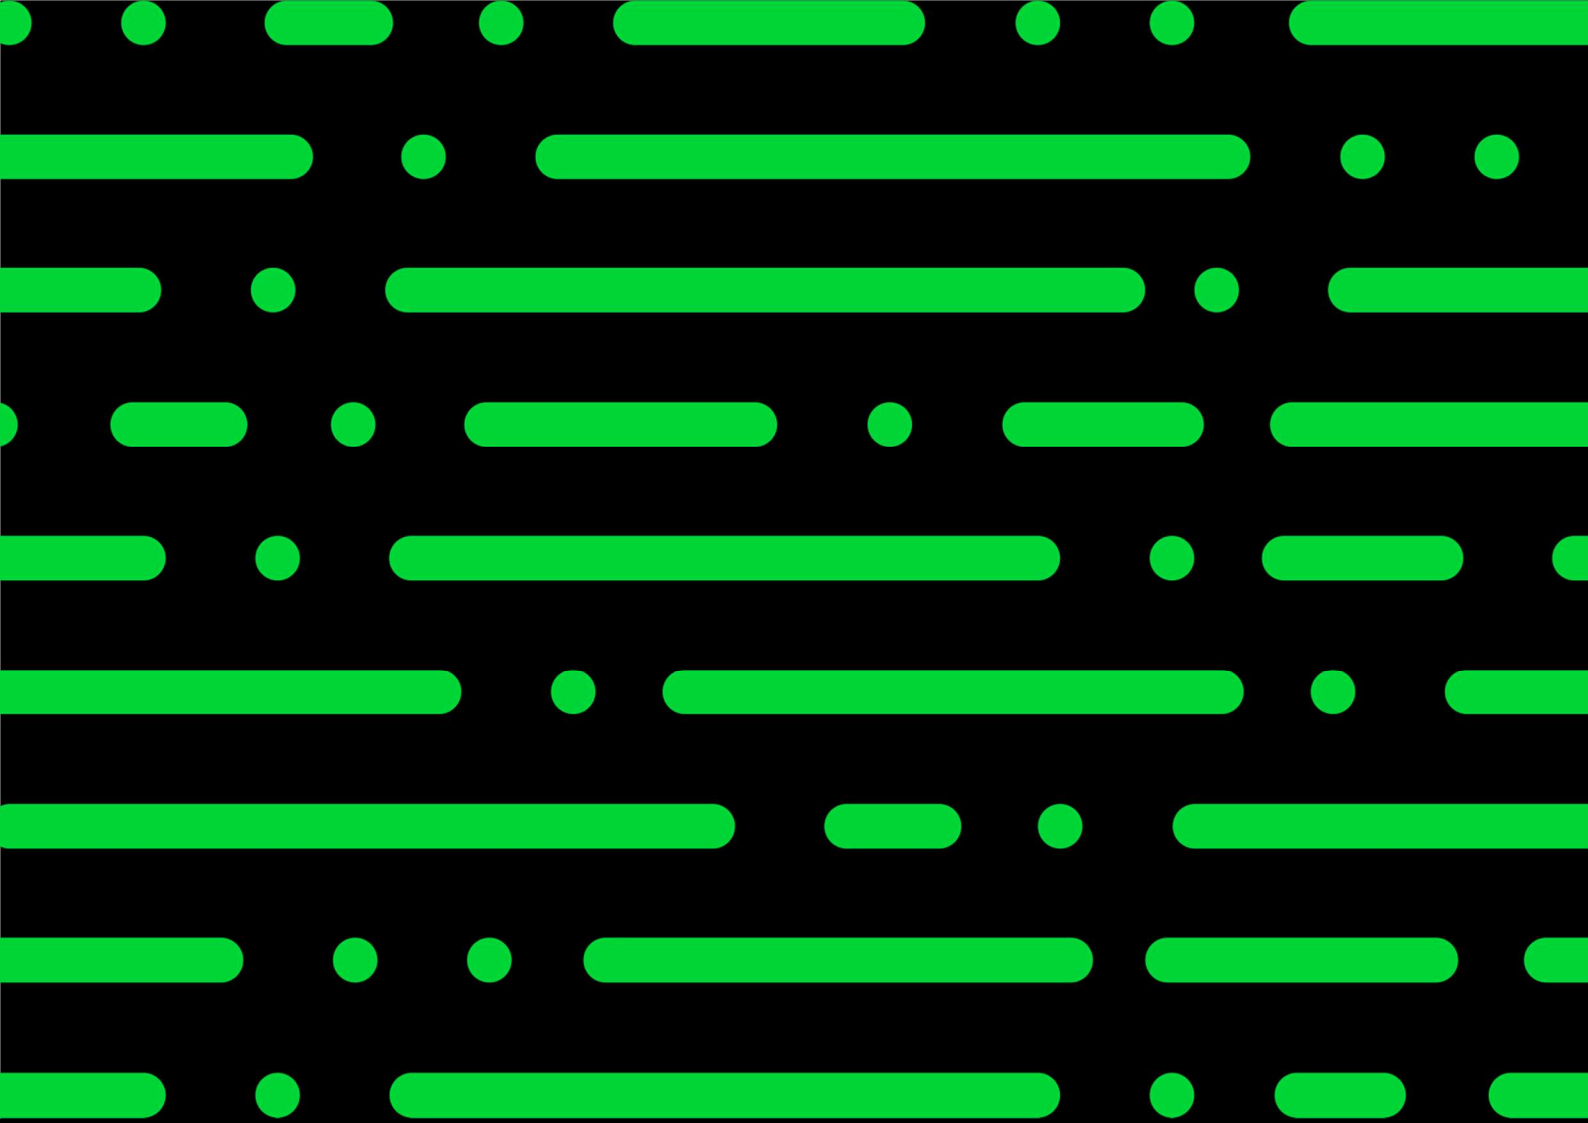

2.0 Apply Rwanda Statutory Report Changes

To update your Sage 300 People application with the updated Unified Declaration report, import the latest Rwanda Generic Tax File.

Note:

Before importing the new RWA-GenericTax.xml file please ensure that the Sage 300 People application is updated to at least version 25.1.3.0.

The file must be imported in any pay period before doing any payroll processing, printing payslips or reports or making any payments. Do a general recalculation for all Rwanda company rules after importing the updated generic tax file.
