1.0 Form 10 SSC Report – Non-Contribution Reason Correction

Issue:

An issue was reported where the non-contribution reason for SSC contributions was incorrectly reflected on the Form 10 SSC Report:

- The report incorrectly applied the non-contribution code one year after the employee's SSC status was flagged with a non-contribution reason.
- While the employee's SSC status was flagged for a non-contribution reason, the non-contribution reason was displayed only in the last month of the non-contribution period.

Resolution:

The Form 10 SSC Report was updated to reflect the SSC non-contribution reason only for the applicable periods, based on the effective dates captured on the employee's SSC status.
